ABOUT AIMO •

All India Manufacturers' Organization (AIMO) is a National Industrial Body founded by visionary leader Bharat Ratna Sir M. Visvesvaraya in 1941, with a motto of Prosperity through Industry. AIMO (TNSB) actively serves as a bridge between the Industries and the Government, fostering Industrial harmony and productivity. AIMO (TNSB), regularly organizing programs in Skill Development, Technology Adoption, Labour Law Management, Labour Codes, Statutory Compliance, etc.

TECHKNOW 2026 is our flagship Conference organized periodically in collaboration with ANNA UNIVERSITY, connecting academia, industries, educational institutions, R&D institutions, startups and students to interact and solve their problems.

KEY OBJECTIVES •

01

Unlock Tamil Nadu as India's Industrial Frontier State

02

Accelerate AI-Powered Industrial Transformation

03

Build a World-Class Semiconductor and Electronics Ecosystem

04

Sustainable Industrial Growth: Green Energy

05

Emerging Technologies for Global Competitiveness

06

Global Innovation Partnership: Strengthen Industry—Institution Collaboration

CONFERENCE FEATURES •

HIGH IMPACT TECHNICAL DISCUSSIONS

Thought leadership talks, panel discussions and knowledge exchange

INNOVATION & TALENT IDENTIFICATION

Showcasing innovative ideas, recognition and connecting with angel investors

TECHNO EXPO 2026

Live showcase of innovations, breakthrough products and emerging technologies

MEGA JOB FAIR

Direct connect between graduates and hiring industries

1000+
DELEGATES

4000+
VISITORS FOR EXPO

4000+
STUDENTS FOR JOB FAIR

10,000+
OVERALL EXPECTED

Topics for Technical Discussion: •

DAY 01 : 25th September 2026

AI-Powered Industrial Transformation:

Building Smart Factories, Intelligent Enterprises, and a Future-Ready Workforce

Key Angles

- Machine Learning for Manufacturing: Edge AI, Tiny ML & MLOps
- AI Governance, Ethics, Safety and Responsible AI
- Cybersecurity & Data Centre Protection for Smart Factories
- AI for Medical Diagnostic & Digital HealthCare
- Generative, Agentic & Explainable AI for Agile Factory

The Future of Electronics :

Building a Resilient Global Value Chain from Semiconductors to Smart Systems and Digital Infrastructure

Key Angles

- Quantum Computing
- Network on Chip: Chip Design, Packaging and Testing
- Industrial Electronics and Embedded Systems
- Automotive Electronics and Electric Vehicles
- Swarm Robotics

Sustainable Industrial Growth :

Green Technologies, Clean Energy, Smart Infrastructure, Electric Mobility, Battery Innovation, Circular Economy and Advanced Manufacturing

Key Angles

- Carbon Footprint, Renewable Energy Integration Net Zero Industries
- Energy Efficiency and Carbon Reduction
- Green Hydrogen, Alternative Fuels
- Electric Vehicle Manufacturing Ecosystem
- Smart Grids and Energy Management Systems

DAY 02 : 26th September 2026

Global Innovation Partnership :

Accelerating Technology Leadership through India—Japan-Taiwan-South Korea Collaboration

Key Angles

- Semiconductor Industries and Cross-border Collaboration
- Technology Transfer for Research, Innovation & Academic Exchange
- Advanced Manufacturing Practices & Knowledge Sharing
- Global Investment, Standards Harmonization and
- Sustainable Manufacturing: A Global Perspective

Emerging Technologies for Global Competitiveness:

IoT, Robotics, Digital Twins, Additive Manufacturing, Drones, UAV and Intelligent Automation

Key Angles

- Quantum Processors and Cryptography
- IIoT & AIoT
- Robotics and Collaborative Robots (Cobots)
- Industrial Metaverse for Smart Manufacturing
- Industrial Sensors, Smart Devices and 6G Communications

Industry–Institution Collaboration for Future-Ready Workforce:

Integrating Skills, Apprenticeships, Internships, Innovation, Incubation, and R&D for an Industry-Ready Workforce

Key Angles

- Industry Driven Self-Healing Curriculum for Industry 5.0
- Apprenticeship, Internship and Entrepreneurship Integration
- Industry-funded Research and Institution readiness in solve industries' problems
- Digital, AI-enabled Education and Academic Bank of Credit
- Encourage Startup Ecosystems & Technology Incubation

TAKEAWAY BENEFITS

Strategic Policy
Recommendations

Road Map
for AI Adoption

Semiconductor
Manufacturing

Framework
for transforming

Promote Innovation,
Startups

Enhanced
Investment

WHO CAN PARTICIPATE

Policymakers, Industry & Educational Institution
Leaders

R&D Institutions, Startups, Investors

Technology Experts, Academia & Research
Institutions

Proprietors / Partners of MSME Industries

CEOs of Corporate Industries, MNC, IT, ITES
Establishments

Students

Chairpersons, Panelists & Speakers are:

Corporate Industries, MNCs, Universities, Educational Institutes Ministries & Departments,
R&D Institutions, Startups, and Successful Entrepreneurs.

SPONSORSHIP CATEGORIES & PRIVILEGES

DIAMOND SPONSOR

₹5,00,000/-

25 Complimentary
Delegate Passes

RESOURCE PARTNERS & SPONSORS

TECHKNOW 2026

An Unique Event for Multiple Services.

1

Provide Solutions to Industry's Real -Time Problems.

Please Post your Problems by Scan the QR code Institutions & Students will provide multiple solutions thro- Hackathon)

2

Image Branding by solving Industries' Real-Time Problems

Institutions & Students are requested to scan the QR to register.

3

Connect Job- Providers with Job Seekers thro a Mega Job Fair

Industries and aspiring Students are requested to scan the QR to post your requirements to map demand & supply.

REGISTER NOW!

BE A PART OF THE FUTURE

Participation Fees (Inclusive of Tax)

Students

No Participation Fee

Registration Mandatory

Other Delegates

₹2,000

AIMO Memeber

₹1,200

Membership Special Offer: Pay Rs. 4000/- for conference participation -cum- AIMO membership and avail the discount of Rs 500/- for Membership.
